

AIR FORCE ASSOCIATION, FLORIDA
AEROSPACE EDUCATION

EDUCATOR GRANT GUIDELINES

August 8, 2009

AFA announces the following: The Air Force Association believes that one of the most significant means to affect student learning is to fund grants to meet the unmet and unfunded educational needs of students. Each school year, the Association awards grants of up to \$250 to worthy projects that significantly influence student learning. The Association will accept grant applications from **August 10 – November 13, 2009**. The online grant site will only be available during the application period.

Grant applications must be completed and submitted online - hardcopy or faxed applications will not be considered.

The grant process is competitive in nature. A committee comprised of outside experts in the field of aerospace education will review all qualified grant applications and make recommendations on funding. Based upon the funding available, the Association will choose to invest in projects that best serve our nation's students and support the mission of the Air Force Association. The Educator Grant program promotes aerospace education activities in classrooms from kindergarten through twelfth grades. The program encourages development of innovative aerospace activities within the prescribed curriculum.

Questions regarding the Educator Grant program should be directed to the program manager, Laine Martens, at 1-800-727-3337 ext. 4891 or via e-mail at lmartens@afa.org. **You must register first** before you can begin your application. Remember to write down your user name and password. **[Click here to view apply.](#)**
